## TEACHING EXPERIENCE

---

**Student Teacher** | Potsdam Elementary School | Potsdam, NY September 2017 – Present

- Conduct classroom activities for a second-grade class of 24 students by assisting with designing lesson plans and instructional delivery through an inclusive and diverse application to teaching
- Assist in lesson planning based on common core curriculum to prepare students for reading and writing comprehension
- Utilize classroom technology, including SMART board, for alternative lesson delivery strategies
- Create weekly in-class bulletin boards for students, parents, and families to demonstrate planned class activities
- Plan literacy unit on essay writing to develop students' independent and collaboration skills

**Teaching Assistant** | The State University of New York at Potsdam | Potsdam, NY January 2019 – May 2019

- Interact with up to 20 students in Introduction to Geology to assist with further understanding of material presented by the teacher
- Aide and demonstrated lectures to promote participation and equal education throughout the classroom.
- Guide lab instruction to students based on individual learning needs, providing additional support as needed

## SUPPORTING EXPERIENCE

---

**Assistant** | Clarkson University Baseball Camp | Potsdam, NY June – August 2016 – 2017

- Assisted in supervision of 20 campers aged 7-12 during training activities by reinforcing program rules and regulations for safety and engagement
- Identified and responded to camper behavioral concerns by reporting to camp directors and consulting with parents and families regarding program expectations
- Contributed with field maintenance by setting up activities and safeguarding equipment and facilities

**Summer Camp Counselor** | Camp Invention | Canton, NY June – August 2015

- Planned and assisted in the planning of daily arts and crafts and sporting activities for 36 children aged 8-9 years old
- Supervised group activities and escorted children on field trips to swimming pools, ensuring safety and a positive environment through effective communication to participants and site managers
